This screenshot shows a Scratch-like IDE interface. On the left, there is a 'Code' tab with a 'Run' button. The main workspace displays a mobile app interface with a blue background and a white text box. The text in the app is in Arabic: 'الإدوية', 'والقرن الكريم', 'الصدق', 'الصفحة', and 'النصه'. The code editor on the right contains the following JavaScript code:

```
1 onEvent(▼"button1", ▼"click", function () {
2   playSound(▼"-----mp3", ▼false);
3   setScreen(▼"screen2");
4 });
5 onEvent(▼"button12", ▼"click", function () {
6   playSound(▼"-----mp3", ▼false);
7 });
8 onEvent(▼"button2", ▼"click", function () {
9   playSound(▼"-----mp3", ▼false);
10 });
11 onEvent(▼"button3", ▼"click", function () {
12   playSound(▼"-----mp3", ▼false);
13 });
14 onEvent(▼"button2", ▼"click", function () {
15   onEvent(▼"button0", ▼"click", function () {
16     playSound(▼"ElevenLabs_2024-05-18T17_33_44_Mimi.mp3", ▼false);
17     setScreen(▼"screen4");
18     onEvent(▼"button4", ▼"click", function () {
19       playSound(▼"-----mp3", ▼false);
20     });
19 });
20 });
```

This screenshot shows the same Scratch-like IDE interface. On the left, there is a 'Code' tab with a 'Reset' button. The main workspace displays a classroom scene with a teacher and students. The text in the scene is in Arabic: 'السؤال الأول', 'ما الجمله التي تعني', 'على اسم الشكر', 'مراد بنجاح', and 'هذا الكتاب جاد'. The code editor on the right contains the same JavaScript code as in the previous screenshot:

```
1 onEvent(▼"button1", ▼"click", function () {
2   playSound(▼"-----mp3", ▼false);
3   setScreen(▼"screen2");
4 });
5 onEvent(▼"button12", ▼"click", function () {
6   playSound(▼"-----mp3", ▼false);
7 });
8 onEvent(▼"button2", ▼"click", function () {
9   playSound(▼"-----mp3", ▼false);
10 });
11 onEvent(▼"button3", ▼"click", function () {
12   playSound(▼"-----mp3", ▼false);
13 });
14 onEvent(▼"button2", ▼"click", function () {
15   onEvent(▼"button0", ▼"click", function () {
16     playSound(▼"ElevenLabs_2024-05-18T17_33_44_Mimi.mp3", ▼false);
17     setScreen(▼"screen4");
18     onEvent(▼"button4", ▼"click", function () {
19       playSound(▼"-----mp3", ▼false);
20     });
19 });
20 });
```
